

## Wheatware™ Travel Comb

*“Grooming the future of our planet”*

Our Earth friendly Wheatware™ combs are strong, compact for toiletry bags or your pocket and have a natural textured finish.

Designed for men, loved by women, the Wheatware™ combs makes a great ‘green’ gift. It represents a new day, when crop-based products are the new alternative to wood and oil/plastic-based products.

The combs are compostable... so they leave no trace when disposed off. Great for your hair and the Earth!

- Compostable: ASTM D6400-04
- Biodegrades in 90 days in microbially-active soil

### **Wheatware.com™: saving forests and earth's valuable resources**

*Forest-derived products cause the destruction of over 40 million forest trees per year. With each virgin forest lost, Earth's capacity to create oxygen and cool itself becomes diminished.*

Purchasing our crop-derived Wheatware™ products, instead of forest-derived wood or cardboard products, helps play a significant role in safeguarding millions of virgin forest trees, Earth's air conditioning system.

The Wheatware™ commitment is to help secure a sustainable future by offering an expanding number of products which replace virgin forest wood products. In addition we make plastic replacement products that reduce our dependency on oil. Wheatware™ and Cornware™ products open up a world of new earth-friendly eco-products for us, our children and generations to come.
